

Release Notes for PCG Billing Module

Release Date: 10/29/2025

Version: 2.323.0.0

Overview

The primary purpose of this release is for bug fixes.

Features

- None

Changes

- 106651 – An unexpected change was made to the Claim Research report. This report stopped showing claims for children with no insurance. This has been resolved.
- 102930 – NJ Medicaid updated their system and required new claim modifiers to be used for billed claims. These have been updated.
- 111033 – When billing Medicaid claims, dates of service that are after a child's exit date are now getting billed.

User Impacts

- None
